I. PURPOSE

This document outlines and updates the Commonwealth of Pennsylvania's plan for providing assistance to families with children from funds provided under Title I of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996 (P.L. 104-193), and the TANF Final Rules published in the Federal Register on April 12, 1999. The Act amends Section 402 of the Social Security Act to require that states submit a plan to the U.S. Department of Health and Human Services (DHHS) that outlines how the state will provide Temporary Assistance for Needy Families (TANF) benefits. Implementation was effective March 3, 1997. Submission of this State Plan renewal commits Pennsylvania to continue operation of its TANF State Program. Implementation is effective October 1, 2011.

II. INTRODUCTION

On May 6, 1996, Act 1996-35 (Act 35) was signed into law. It was a dramatic welfare reform plan designed to move families off the welfare rolls and into the work force. The provisions of the Act encourage personal and parental responsibility, emphasize self-sufficiency through employment, strengthen child support requirements, and increase penalties for welfare fraud. It is a common-sense approach that provides Pennsylvania with the core components for reform of our welfare system. The TANF provisions of PRWORA provided the opportunity to make that reform a reality.

When signed into law on August 22, 1996, PWRORA ended the 60-year Federal welfare entitlement program known as Aid to Families with Dependent Children (AFDC) and the Federal JOBS employment and training program. In its place, each state was provided with a block grant for designing and operating its own welfare program within broad TANF requirements. These requirements include stringent work activity participation rates and a lifetime limit of five years for the receipt of benefits. The TANF Block Grant and the Final Rules published in the Federal Register on April 12, 1999, provided Pennsylvania with the opportunity to build on the core components of Act 35 to create a welfare system that makes the best use of welfare dollars. The Final Rule for reauthorization of TANF, published in the Federal Register on February 5, 2008, added definitions for each accountable core activity, defined a work-eligible individual, changed the base year for determining caseload reduction from FY 1995 to FY 2005 and required states to submit a Work Verification Plan explaining how hours of participation are
documented for each core activity. Pennsylvania’s changes to the work requirements in this State Plan were necessitated by the Final Rule. The TANF Program in Pennsylvania is designed to provide short-term assistance to families when the support of one or both parents is interrupted. It also provides supplemental support when family income from employment and other sources is not sufficient to meet basic needs. It is not intended to provide long-term support or become a way of life. Families undergo assessments of skills, employability and are required to engage in activities that enhance self-sufficiency and ensure the well-being of their children. The provisions of the TANF Program are intended to meet one or more of the following basic purposes of this program as articulated in the Federal statute and regulation:

- Provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives;
- End the dependence of needy parents on government benefits by promoting job preparation, work, and marriage;
- Prevent and reduce the incidence of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incidence of these pregnancies; and
- Encourage the formation and maintenance of two-parent families.

III. PROGRAM GOALS

The primary goal of Pennsylvania’s TANF Program is to provide support to families as they make the transition from dependence on welfare to self-sufficiency and, finally, to long-term self-support. The following goals provide the framework on which the Program is designed:

1. Promote Personal Responsibility

Pennsylvania’s TANF Program is based on the principle that welfare should provide temporary cash assistance to families and individuals, providing basic support that enables them to move to self-sufficiency. Inherent in this belief is the notion that the welfare recipient must be personally responsible for taking the necessary steps to end his or her dependence on a welfare “check.”

2. Ensure Participation in Work or Work-related Activities

As a result of the federal TANF Reauthorization legislation and to improve work participation rates, Pennsylvania requires every adult, minor head of household and minor child age 16 or 17 who is not in school participate in approved activities as part of their plan for self-sufficiency. Refer to Section VI. A. General Provisions, 9. Work and Self-sufficiency, for further discussion.
3. Move Recipients into Jobs

For most recipients, the way to self-sufficiency and economic independence is through a job. Pennsylvania's approach provides the client with the opportunity to build work skills and a work history. Pennsylvania is adopting a "Work First" approach to help TANF recipients move from welfare to work.

4. Provide Work Incentives and Supports

If we are to encourage employment, families must be better off if they work than if they depend on welfare. By allowing eligible families to receive supplemental cash assistance in addition to a paycheck, Pennsylvania's TANF Program rewards work and helps families establish a financial base that will support self-sufficiency. The TANF Program also supports family efforts to work by providing allowances for work expenses, such as child care and transportation.

5. Break the Cycle of Dependency Through Education

A high school diploma is critical to both short-term and long-term prospects for independence through employment. It opens the door to meaningful, productive employment. Training in a skill or trade, on-the-job training, job-search and job-readiness preparation classes and workshops, among other activities, provide a menu of opportunity for long-term self-sufficiency. Pennsylvania's Road to Economic Self-sufficiency through Employment and Training (RESET) Program encourages people to pursue education and training that is career specific as a means of, and in addition to, meeting work requirements. Additionally, it is important to educate parents regarding the role of high quality early learning experiences to help break the intergenerational cycle of poverty. Parents who work need to understand that the choices they make when placing their children in early care and education programs can influence their child's readiness for school and later success in life.

6. Strengthen Families and Support Children

Both parents play a role in achieving self-sufficiency. The TANF Program requires parents to fulfill their fundamental responsibilities to their children through a strengthened child support enforcement system.

7. Simplify Program Administration

Pennsylvania must be able to use resources productively -- to assist the client in developing and successfully implementing his or her own plan for self-sufficiency. As administrators of the public welfare system, we must have two goals: to help recipients of public assistance become self-sufficient and to ensure that tax dollars funding welfare programs are used wisely.
Contractor enrollments are limited to one time in a program year, and three in a lifetime. The resources expended must be capped rather than the Department repeatedly investing in individuals who do not aggressively pursue independence. Clients must participate in federally acceptable employment and training activities for the hours required. Employment and training programs are available to help meet this requirement, but ultimately, the responsibility lies with the client. Limiting the number of enrollments helps the client take advantage of the services provided by the program, while recognizing that some individuals need more than one opportunity to succeed.

IV. MEASURING RESULTS

Monitoring implementation progress and evaluating attainment of program goals is an integral component of Pennsylvania's TANF Program. The primary focus of monitoring and evaluating activities is to gather data about a comprehensive set of performance indicators and performance measures which are used to document clear, specific program outcomes.

The detailing of a definitive set of performance indicators and measures continues to evolve as program planning decisions are made and modified. The ongoing program evaluation information system includes such performance indicators and measures as the following:

- Number and percentage of active adult TANF caseload who are employed.
- Number and percentage of mandatory TANF adults participating in an employment/training/education activity.
- Number and percentage of mandatory TANF adults not participating in an employment/training/education activity.
- Number of TANF adults with a sanction, exemption or good cause.
- Number of TANF adults in educational activities.
- Number of TANF adults in independent or contracted training activities.
- Number of TANF adults in job search activities.
- Number of TANF adults in transition to a work activity scheduled, but not yet started.
- Number of TANF adults who are self-employed.
- Number of job placements.
- Job placement rate.
- Cost per enrollment.
- Cost per placement.
- Number of individuals obtaining jobs with benefits.
- Post-placement retention rate.
- Number of TANF adults who receive child care subsidies that select high quality early care and education programs.
A primary focus of program evaluation efforts associated with implementation of the TANF Program is to develop, maintain and refine, where necessary, an integrated and comprehensive evaluation information system which provides data and information on outcome and performance measures related to key components of TANF. This data is then used to provide ongoing monitoring assessments of program implementation and to provide summary statements describing attainment of program goals. To ensure the appropriate degree of program accountability, the measures used are defined by data and information which are timely, accurate, valid, reliable, credible and easily communicated.

This information system is composed of TANF data and available data for pre-TANF welfare programs. The information system is supplemented by those data and information necessary to track the provisions of the TANF legislation and satisfy mandated reporting requirements. This collection of data about TANF participants, combined with data detailing critical program components, provides documentation of specific outcome and performance measures established for the TANF goals. Additionally, analyses of the data available in this information system combined with data from other sources provide important information about the configurations of participant and program characteristics which produce the most favorable long-term outcomes. Comparisons of these relationships between participant and program characteristics and their effects on outcome measures across time permit systematic, evolutionary, incremental shaping of TANF programs to effectively meet the TANF goals.

Monitoring of Special Allowances (SPALs) issued to recipients in support of their RESET participation is necessary to assure that expenditures are verified, required, and used for their intended purpose due to an increased awareness of the need to strengthen accountability, promote program integrity, and limit fraud.

V. PUBLIC INVOLVEMENT

A. Public Availability and Review

A Notice of Availability of the Commonwealth of Pennsylvania’s TANF State Plan will be published in the Pennsylvania Bulletin on October 29, 2011, to begin the public comment period. Copies of the TANF State Plan are available at the 67 County Assistance Offices (CAOs) around the State and on the Department of Public Welfare’s (the Department) Website (http://www.dpw.state.pa.us). The Pennsylvania Bulletin is the official gazette of the Commonwealth of Pennsylvania and is the temporary supplement to the Pennsylvania Code, the official codification of agency rules and regulations. The Notice published in the Bulletin will indicate that comments on the TANF State Plan are to be directed to the Department of Public Welfare, Office of Income Maintenance.
The State Plan was also submitted to key stakeholder groups for review and comment. These groups include members of the legislature and the Governor's Cabinet, as well as associations representing county government, client advocacy groups, business interests and community agencies providing a variety of services to recipients of public assistance.

B. Additional Outreach

The Income Maintenance Advisory Committee (IMAC) will receive a briefing on the TANF State Plan. IMAC is composed of current and former welfare recipients, representatives of welfare rights organizations, employment and training specialists and other client advocates. IMAC advises the Department on policies, procedures and other activities related to the programs administered by the Office of Income Maintenance.

C. Public Comments

During the 45-day public review period the Department of Public Welfare will accept comments on the TANF State Plan from the general public.

The Department's ongoing review of the TANF Program includes review and consideration of public comments along with the tracking of outcomes of the TANF Program. The Department will submit amendments to the State Plan on an as-needed basis.

VI. OUTLINE OF PENNSYLVANIA'S TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF) PROGRAM

Although the TANF Program replaced the former Federal cash benefits program known as Aid to Families with Dependent Children (AFDC), many of the rules and procedures under which the Department administered AFDC remain in effect as part of the TANF Program. These rules and procedures are contained in Chapter 55 of the Pennsylvania Code of regulations (55 Pa. Code), Notices of Rule Change to the Code published in the Pennsylvania Bulletin, Office of Income Maintenance (OIM) Bulletins, OIM Operations Memoranda and Departmental Handbooks.

Financial eligibility criteria for Maintenance of Effort (MOE) –funded assistance and services are the same as for other TANF assistance and services, except MOE claimed for child care under the provisions of 45 CFR §263.3 follows the financial eligibility criteria established under the Child Care and Development Fund State Plan and associated State regulations.

New or revised rules and procedures are set forth in the State Plan. These changes and revisions are adopted pursuant to the authority of PRWORA, Pennsylvania's Act 35, §§201(2) and 403(b) of the Public Welfare Code (62 P.S. §§201(2) and 403(b)) and Act 1997-58 (P.L. 549, No. 58).
Federal statute at 42 U.S.C.A. §609(a)(7)(B)(i) provides for the possibility of separate and segregated state programs. Stakeholders were consulted and input was solicited. The decision to create a segregated state program is incorporated and included in this State Plan.

A. GENERAL PROVISIONS

1. Program Administration

The Department is responsible for administering the TANF Program in 67 CAOs. While program requirements are applied consistently statewide, the maximum TANF benefit varies from county to county based on the four benefit schedules currently in effect.

The Department continues to use private contractors to supplement the work of the CAOs to provide services, such as job search, job-readiness preparation, education and training services, and to assist clients to enter the work force, retain jobs and advance in employment.

Individuals who receive TANF benefits on or after March 3, 1997, are subject to all requirements of the TANF Program. Recipients are subject to the 60-month lifetime limit and the work requirements of Act 35 beginning March 3, 1997.

2. Access to Benefits

Pennsylvania continues to provide access to TANF benefits and related services in each of the Commonwealth’s 67 counties based on the policies and procedures in effect.

3. Defining Assistance/Non-Assistance Benefits

Assistance

For purposes of applying TANF time limits, work and work activity requirements and child support cooperation (including assignment) requirements, the term “assistance” is defined as cash payments, vouchers and other forms of benefits designed to meet a family’s ongoing basic needs (i.e., for food, clothing, shelter, utilities, household goods, personal care items and general incidental expenses). “Assistance” also includes:

- Supportive services such as transportation and TANF-funded child care provided to non-employed cash assistance recipients.
If a benefit falls within the definition of assistance, the benefit counts as assistance even when receipt of the benefit is conditioned on participation in work, community service or other work-related activities.

Financial eligibility for TANF, Time-Out (refer to page 41) and Extended TANF (refer to page 42) cash assistance is determined by comparing the net countable income for a calendar month to the budget group’s Family Size Allowance (FSA), plus any special need allowances. If the income equals or exceeds the FSA plus any special needs allowances, the budget group is ineligible for cash assistance. Current FSA levels are found in 55 Pa. Code, Chapter 183, Income, Appendix B. Table 3. The resource limit is $1,000.

Funding for TANF is commingled State and Federal funds. Funding for Time-Out is segregated State funds and funding for Extended TANF is all Federal monies.

Non-Assistance

The final Federal TANF Rules of April 12, 1999, include the potential for funding a class of benefits known as “non-assistance.” Pennsylvania excludes from the definition of “assistance” activities that support employed former TANF recipients or those who are eligible for, but not receiving “assistance.” For example, case management services, job retention programs, child care and wage subsidies may be provided as on-going supports to employed former cash assistance recipients. These services and benefits received by the family are considered “non-assistance,” and the family receiving them after leaving cash assistance is no longer using months of time-limited TANF assistance.

In Pennsylvania, the Department constantly reviews its programs to ensure they meet the needs of low-income families as envisioned in the four TANF purposes. The Department incorporated a total of 9 non-assistance initiatives included in the FY 2011-2012 budget that provide short-term benefits, work supports and other services to eligible low-income families and non-custodial parents. Although these short-term benefits, work supports and services are funded with TANF funds, they are excluded from the definition of “assistance” in 45 CFR §260.31 and do not count towards the 60-month TANF time limit.

In addition, individuals receiving these benefits are not subject to the TANF work requirement or to a Federally-imposed child support requirement. Pursuant to 45 CFR §260.31, the term “non-assistance” is defined below:

- **Non-Assistance** includes:
  - Non-recurrent, short-term benefits that:
    - Are designed to deal with a specific crisis situation or episode of need;
    - Are not intended to meet recurrent or ongoing needs; and
    - Will not extend beyond four months.
Work subsidies (i.e., payments to employers or third parties to help cover the costs of employee wages, benefits, supervision and training); OR

Supportive services such as child care and transportation provided to families who are employed; OR

Services such as counseling, case management, peer support, child care information and referral, transitional services, job retention, job advancement and other employment-related services that do not provide basic income support.

In accordance with 45 CFR §260.31 and subject to the availability of resources, the Department intends to provide funding included in the FY 2011-2012 budget for the following non-assistance initiatives to certain needy families, based on the program descriptions and eligibility set forth in each initiative appearing on pages 9 through page 14.

Child Care Provided to Employed Families

Effective July 2000, this initiative provides subsidized child care benefits to eligible employed families who need child care to participate in unsubsidized employment, subsidized employment and/or education/training activities.

- Eligibility for this initiative is limited to needy families, as defined on page 15 who have a gross annual earned income that does not exceed 235% of the FPIGs. The parent or responsible adult must be a current or former TANF recipient and must be working a number of hours established by the Department as a means to support the parent’s transition to self-sufficiency.

This initiative meets TANF purpose number two – end dependence of needy parents on government benefits by promoting job preparation, work and marriage, and is funded with commingled funds.

Workforce Investment Boards (WIBs) Transportation Grant Initiative

Effective July 2000, this initiative funds additional transportation services to employed families in an effort to resolve specific public transportation-related barriers, including transportation to child care providers, and second and third shift employment for those transitioning to self-sufficiency. Services contracted through the WIBs may include:

- Reverse commutes
- Guaranteed ride home program services
- Vanpooling
Pennsylvania Temporary Assistance for Needy Families

- Carpooling
- Coordination of other transportation options
- Driver’s training
- Services that meet the mobilization needs of the recipient such as the purchase of a bicycle

Eligibility for this initiative is limited to needy families who have a gross annual earned income that does not exceed 235% of the FPIGs. Additionally, the adult in the family must be working.

This initiative meets TANF purpose number two – end dependence of needy parents on government benefits by promoting job preparation, work and marriage, and is funded with commingled funds.

☐ Corrective Lenses and Hearing Aides Initiative – Non-Medical

Effective July 2000, this initiative provides a cost-limited non-recurring, short-term benefit towards the actual cost of corrective lenses and/or hearing exams and aides to help clients seek and maintain employment. These benefits are available to eligible individuals through the Department’s RESET-contracted provider in whose program they are participating. Services provided under this initiative include:

- Eye exam and the purchase of corrective lenses (once in a lifetime per individual and actual cost up to a maximum of $200)
- Hearing exams and hearing aides (once in a lifetime per individual and actual cost up to a maximum of $1,000)

Eligibility for this initiative is limited to needy families, or a non-custodial parent of a minor child who is a participant in the ELECT Initiative. The needy family or non-custodial parent must have a gross annual earned income that does not exceed 235% of the FPIGs. Additionally, the adult applicant must:

- Demonstrate the need for corrective lenses through an eye exam;
  OR
- Demonstrate the need for an exam with an audiologist and hearing aides through referral by an M.D.;
  AND
- Be enrolled with a Department-contracted program provider funded through the Department’s RESET program;
  AND
- Need the corrective lenses or hearing aides for participation in pre-employment, education, training or other approved activities related to job search and placement in employment.
This initiative meets TANF purpose number two – end dependence of needy parents on government benefits by promoting job preparation, work and marriage, and is funded with 100% segregated Federal funds.

☐ **The ELECT Initiative**

Effective April 2001, this initiative is designed to assist parents of minor children, including expectant parents, to return to or remain in school, prevent repeat pregnancy, maintain attendance, obtain their high school diploma or GEDs, develop responsible parenting skills, become positive role models for their children and become productive members of their communities. Acknowledging paternity is not required to participate. Services provided under this initiative may include:

- Intensive case management
- Parenting and child development education
- Health care and nutritional education

Eligibility requirements for this initiative are as follows:

- Must be under 22, and
- Must be parents of minor children, including expectant parents, and
- Must be a current TANF or SNAP recipient, or
- Must have a gross annual earned income that does not exceed 235% of the FPIGs.

This initiative meets TANF purpose number two – end dependence of needy parents on government benefits by promoting job preparation, work and marriage; purpose three – prevent and reduce the incidence of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incidence of these pregnancies; and purpose four – encourage the formation and maintenance of two-parent families. For TANF recipients, this initiative is funded with commingled funds. The non-custodial parents served through ELECT are funded with segregated Federal TANF and State only funds, which are not MOE funds.

☐ **Family Savings Account**

This initiative is administered by DCED.

The Family Savings Account (FSA) program allows participants to use FSA savings toward the following allowable assets: homeownership, postsecondary education or training, business capitalization, home repair and car purchase, computer purchase (if the car or computer is related to employment or education). Federal AFI funds may be used to match savings
for any of these asset purchases.

Starting in 2000, participants have been allowed to put their FSA savings in a Section 529 college savings plan, including Pennsylvania’s State plan, the Tuition Assistance Program (TAP 529). FSA account holders do not have to be the beneficiary of the college savings plan. For example, a grandparent may save for a grandchild.

Participation in the FSA Program is limited to recipients of TANF and other eligible individuals and working families whose earned income at the time of enrollment is not more than 200% of the FPIGs.

This initiative meets TANF purpose number two - end dependence of needy parents on government benefits by promoting job preparation, work and marriage, and is operated under 42 U.S.C.A. § 404(a)(1). This initiative is funded with federal and state match funds.

Nurse-Family Partnership

Effective October 2001, this initiative provides home visitation management services to eligible low-income, first-time mothers only. The home visitors are nurses who follow guidelines that focus on the mother’s personal health, quality of care provided to the child and the parents’ own life-course development.

The purposes of this initiative are as follows:

- To improve pregnancy outcomes by helping women practice sound health-related behaviors, including obtaining good prenatal care from their physicians, improving diet and reducing use of cigarettes, alcohol and illegal drugs.

- To improve child health and development by helping parents provide more responsible, and competent care for their children.

- To improve families’ economic self-sufficiency by helping parents develop a vision for their own future, plan future pregnancies, continue their education and find jobs.

Eligibility for this initiative is limited to women who are first-time mothers with a dependent child, or women pregnant with their first child and who have a gross annual earned income that does not exceed 235% of the FPIGs.

This initiative meets TANF purpose number three – prevent and reduce the incidence of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incidence of these pregnancies. This
initiative is funded with state funds.

☐ **Head-Start Collaboration Project**

The Head Start State Supplemental Assistance Program (HSSAP) under the Head Start Collaboration Office (HSSCO) is funded by the Department of Education through Office of Child Development & Early Learning (OCDEL) to 46 Head Start Grantees statewide.

Grantees must meet all federal Head Start performance standards as well as additional requirements as identified by OCDEL.

The Head Start Collaboration Office is supported by Federal funding from the Office of Head Start, Administration of Children & Families. HSSCOs are charged with facilitating and enhancing coordination and collaboration between Head Start agencies and other State and local entities that provide comprehensive services designed to benefit low-income children from birth to age five and their families, as well as pregnant women.

There are 62 Head Start/Early Head Start Grantees serving over 29,000 at risk pregnant women, infants, toddlers and preschool children and their families in PA.

This initiative meets TANF purpose number three – prevent and reduce the incidence of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incidence of these pregnancies. This initiative receives both Federal and State funding.

☐ **Women in Need – Alternatives to Abortion**

Effective July 2002, this initiative provides pregnancy and parenting support to women in need. The program primarily provides information and counseling that promote childbirth instead of abortion and assists pregnant women in their decision regarding adoption or parenting. Services are provided free to women participating in the program.

Real Alternatives, which uses the Women in Need project as its vehicle to manage State funding, has received TANF funds for Alternatives to Abortion in the 2002-2003 Appropriations Act 7-A of 2002.

Eligibility for this initiative is limited to women who have a gross annual earned income that does not exceed 185% of the FPIGs. Additionally the women must:

- Be pregnant;

OR
• Suspect they are pregnant;

OR

• Be the parent of an infant less than 12 months of age.

This initiative meets all four TANF purposes and is funded with 100% segregated Federal funds.

☐ **Diversion Components**

This initiative provides funds to certain eligible families to meet a specific crisis situation or episode of need that is expected to eliminate a family’s need for ongoing cash assistance.

To be eligible for a diversion benefit the applicant family must meet income/resource requirements and definitive conditions (minor child, specified relative and deprivation) for receipt of TANF.

The Diversion component provides a one-time non-assistance payment to eligible families. The adult in the family must have an expectation of receiving income and must have a recent work history or job skills training. A recent work history is defined as having worked within the 90-day period immediately preceding the date of application, or within 180 days of the date of application in areas qualified as waived areas for time limited SNAP benefits. The Diversion payment is equal to the Family Size Allowance (FSA) for one, two or a maximum of three months, depending upon a family’s need. A family will be eligible for only one payment in a 12-month period.

Examples of a crisis situation or episode of need are:

• Housing Expenses such as mortgage payments, rent, home repairs or utilities
• Employment, school or training related needs
• Car repairs, inspections, payments, insurance premium payments and other transportation costs
• Costs to relocate to secure employment
• Child care costs

This initiative meets TANF purpose one to provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives and number two, to end dependence of needy parents on government benefits by promoting job preparation, work, and marriage. This initiative is funded with commingled funds.
4. Defining Needy Families

A needy family is defined as a minor child and his parent(s) or other adult specified relative with whom he lives who meet the income and resource standards established under this TANF State Plan. Eligibility for TANF is also extended to pregnant women who have no other children living with them.

☐ Minor Child

A minor child is under age 18 or is age 18 and a full-time student in a secondary school or in the equivalent level of vocational or technical training.

☐ Specified Relative

A specified relative is defined as an adult who:

- Is exercising responsibility for the care and control of the child by making and carrying out plans for the support, education and maintenance of the child and applying for assistance on behalf of the child. The finding that a relative is exercising care and control of the child is made whether the relative is the parent or other relative of the child.

- Is maintaining a home in which the child lives with him or her, or is in the process of setting up a home where the child will go to live with him or her within 30 days after receiving the first TANF payment.

- Is related to the child as follows:
  
  - A blood relative who is within the fifth degree of kinship to the dependent child, including a first cousin once removed. Second cousins and more remote cousins are not within the fifth degree of kinship. A first cousin once removed is the child of one’s first cousin or the first cousin of one’s parent. The fifth degree of kinship includes great-great grandparents and great-great-great grandparents. The fifth degree of kinship also includes other relationships prefixed by great, great-great, grand or great-grand. Blood relatives include those of half-blood.

  - A parent by legal adoption and any of the adopting parent's blood or adoptive relatives as described above.

  - Stepfather, stepmother, stepbrother and stepsister.

  - A spouse of any of the relatives described above even though the marriage is terminated by death, separation or divorce.
Minor Parent

A minor parent is defined as:

- A TANF eligible individual under 18 years of age who has never been married and is the natural parent of a dependent child living with the minor parent, or is pregnant.

A minor parent is required to live in the home of the minor parent’s parent, legal guardian or other adult relative who is at least 18 years of age or in an adult-supervised supportive living arrangement unless exempt.

If the minor parent cannot return to the home of a parent, legal guardian, or other adult relative, the Department, in consultation with the county children and youth agency, will provide assistance to the minor parent and dependent child in locating a second-chance home, maternity home or other appropriate adult-supervised supportive living arrangement unless the agency determines that the minor parent's living situation is appropriate.

When both parents are living with a child, the family may qualify for TANF only if one or both parents are incapacitated, unemployed or employed with earnings that are low enough to qualify the family for supplemental TANF assistance.

Certain individuals who live with the minor child must be included in the application for assistance. These members of the TANF mandatory budget group include the TANF child, the biological or adoptive parents of the TANF child and blood-related or adoptive siblings of the TANF child as long as they also meet TANF eligibility requirements.

A family, for purposes of the 60-month time limit, is defined as a minor child and his parent(s) or other adult specified relative with whom he lives and who is applying on the child’s behalf. A family does not include a specified relative who is not included in the TANF mandatory budget group and is seeking TANF assistance only for the minor child.

Absence of a Minor Child

Under TANF, a specified relative may continue to receive benefits for an otherwise eligible minor child who is absent, or expected to be absent, from the home. The State may choose between several periods of temporary absence:

- not less than 30 days, up to 45 days, up to 180 days or more than 180 days if good cause is established.

Pennsylvania elects to define temporary absence as one that does not exceed 180 consecutive days.
A caretaker relative of a minor child who fails to notify the CAO of the minor child's absence by the end of the five-day period, that begins with the date it becomes clear to the specified relative that the child will be absent for more than 180 consecutive days, is ineligible for TANF for a period of 30 days.

5. Personal Responsibility - The Agreement of Mutual Responsibility

Pennsylvania is exercising the TANF option to establish an individual responsibility plan, known as the Agreement of Mutual Responsibility (AMR). In August 2007, the Department revised the AMR to permit caseworkers and recipients to more easily develop a plan for self-sufficiency. The revised AMR more accurately reflects short-term and long-term goals and barriers to reaching these goals. The plan addresses how the recipient will overcome identified barriers and lists participation activities and hours of required participation as well as supportive services provided by the Department. The following individuals are required to sign the AMR:

- Adult applicants and recipients who are required to sign the Application for Benefits, whether or not they are exempt from or have good cause for not meeting the work requirements.

- Pregnant teens or minor parents who sign the Application for Benefits on their own behalf.

The AMR stresses the temporary nature of cash assistance and focuses on the steps the recipient must take to establish a path toward self-sufficiency. The AMR also specifies the penalties for failure to comply and the actions to be taken by the Department to support the efforts of the recipient. Refusal to sign the AMR, without good cause, will result in TANF and Extended TANF ineligibility for the individual and the family until the individual completes and signs the AMR.

NOTE: The explanation of the Extended TANF program can be found in Section B “Special Provisions” of this document.

As part of completion of the AMR, the CAO determines whether the client is exempt from or has good cause for not participating in work/work activities. For clients required to participate in work and work activities, the AMR includes a requirement to conduct an initial job search or participate in a work activity. The initial activity assesses the skills, work experience and employability of each adult recipient.

The AMR is also used to outline other work participation activities and obligations for nonexempt clients. Penalties for noncompliance, without good cause, with work requirements set forth on the AMR, were applied beginning March 3, 1997.
Pursuant to Act 35, the AMR will include the following obligations, when appropriate to the individual or family situation:

- Receive prenatal care as recommended by the doctor or clinic and/or ensure that children are immunized, receive periodic health screening and appropriate medical treatment.

- Take steps, if needed, which will improve a child’s school attendance and improve his or her chances for earning a high school diploma.

- Submit to a substance abuse assessment by the local county drug and alcohol authority if the CAO determines that an individual may have a substance-abuse problem that presents a barrier to employment. If the assessment indicates that a drug or alcohol problem exists, the client will be required to participate in and complete an approved treatment program as indicated by the local drug and alcohol authority. If an individual fails to enter or complete a program, he or she can comply by providing proof of substance-free status by submitting to periodic drug testing.

- Make appropriate payments to service providers from allowances provided to enable the client to fulfill his or her commitment to engage in work or a work activity.

- Comply with work and work activity requirements.

- Meet other obligations specified on the AMR related to self-sufficiency and parenting responsibilities.

These obligations are basic personal and parental responsibilities which are important to the physical and mental well-being of the family. If not addressed, they not only represent potential barriers to employment, but could increase the likelihood that welfare dependency will be passed from one generation to the next.

The Department established penalties and good cause criteria for noncompliance before implementing sanctions associated with these obligations.

6. **Time Limit and Work Requirements for Receipt of TANF**

Receipt of TANF assistance is limited to a total of 60 months (five years) in the lifetime of an adult head-of-household or spouse of head-of-household. The assistance received as an adult (over age 18) head of household or spouse of head of household counts towards the limit. Assistance received by a pregnant minor head of household, minor parent head of household or minor married to the head of household also counts towards the limit. Periods of receipt need not be consecutive to count towards the 60 months. If the TANF budget group includes only a child(ren), the 60-month limit does not apply.
Beginning March 3, 1997, the Department activated both the 60-month TANF time clock and the pre-/post-24 month clock which tracks the number of days of receipt of cash assistance. For applicants, these clocks are activated when cash assistance is authorized.

7. Determining Eligibility

Pennsylvania is following rules, regulations and procedures in effect prior to the TANF implementation date, except for the following provisions that are authorized or required by State law (Act 35 and Act 58) or by Federal law:

- **Earned Income Disregard**

  The gross earned income of recipients is subject to a continuous 50% disregard. The disregard encourages recipient families to work and provides additional financial support as they make the transition from welfare to self-sufficiency. Applicants may qualify for the 50% disregard if they have received TANF in one of the four months prior to application or if their income is equal to or less than the standard of need. The deduction for the cost of dependent care for an incapacitated adult is made following application of the 50% disregard.

- **Reimbursement for Work Expenses**

  Effective March 28, 2009, all TANF families with earned income are eligible for $50 a month as a reimbursement for work expenses.

- **Earned Income: Sanctioned, Disqualified or Otherwise Ineligible Individuals**

  The earned income of sanctioned, disqualified or otherwise ineligible budget group members is now treated uniformly by computing their income as if these individuals were included in the budget group. This proposal ensures equitable treatment of all TANF households.

  This policy became effective August 2005.

- **Income Exclusions**

  Income is excluded as provided in State regulation at 55 Pa. Code §183.81.

  Funds deposited into a Saving for Education, Entrepreneurship and Down payment (SEED) account, including interest earned on the account, are excluded as income when determining eligibility. These accounts are currently being funded with private funds as a demonstration project. Funds may be withdrawn for qualified purposes only. If rolled over to a Roth IRA,
the money is counted against the resource limit according to 55 Pa. Code Chapter 177, Resources.

The policy on SEED accounts became effective April 1, 2006.

Earned income from temporary employment with the U.S. Census Bureau is excluded. This policy became effective February 1, 2000.

Resources

Resources are excluded as provided in State regulation at 55 Pa. Code §§177.21(a) and 177.22.

Funds deposited in SEED accounts, including interest, are excluded as a resource when determining eligibility.

The policy on SEED accounts became effective April 1, 2006.

Lump Sum Income

Lump sum income is counted as income only in the month that it is received. Any funds that remain from the lump sum in months following the month of receipt are counted as a resource.

Final rulemaking for this change was published in the Pennsylvania Bulletin on August 23, 2002.

Budgeting Method: Semi Annual Reporting (SAR)

The income of applicants and recipients affects the TANF benefit as follows:

- The income adjustment is based on the best estimate of the expected income (prospective budgeting). The estimate is based upon verified information provided by the client.

- Monthly income is determined by multiplying the gross average weekly income by four (4.0).

- Recipients are required to complete and submit a reporting form once every 12 months. Since eligibility must be reviewed no less often then every six months, a complete redetermination interview occurs in the alternate six-month period.

- Recipients are required to report increases in gross monthly earned income in excess of $100 and all other changes such as household composition,
address, job start, etc. within the first 10 days of the month following the month of the change.

- Recipients are required to report increases in gross monthly unearned income in excess of $50.

- There is no reconciliation of income. No overpayments (underestimates) will be processed unless it was due to a client’s failure to properly report income or agency error. Underpayments (overestimates) will not be corrected unless they are the result of a worker error.

- An income adjustment that reduces or increases the grant will be made for the first TANF payment date for which the deadline can be met following proper notice to the client.

SAR was implemented in May of 2003. The Cash Assistance Handbook is updated to reflect the changes.

**Penalty for Non-cooperation with Child Support Requirements**

If a parent or other caretaker relative fails to cooperate in establishing paternity or in establishing, modifying or enforcing a child support order, without good cause in accordance with Act 58, state regulation provides that the cash assistance allowance, which is the monthly assistance grant, is reduced by 25%. The grant remains reduced until the parent or caretaker relative demonstrates cooperation or establishes good cause for noncooperation.

**Penalty for Conviction of Welfare Fraud**

An applicant or recipient who has been convicted of securing or attempting to secure, or aiding or abetting or attempting to aid or abet any individual in securing General Assistance, TANF, Medical Assistance or Federal SNAP by means of a willfully false statement or misrepresentation, or by impersonation, or by willfully failing to disclose a material fact regarding eligibility either before or at the time of, or subsequent to the application for assistance is ineligible for cash assistance. The period of ineligibility is 6 months from the date of the first conviction, 12 months from the date of the second conviction, and permanently from the date of the third conviction.

To identify instances of potential fraud the Commonwealth of Pennsylvania uses the Income Eligibility Verification System (IVES), the Systematic Alien Verification for Entitlements (SAVE) Program and the Master Client Index (MCI). IVES provides information on:

- wages and unemployment compensation through the Pennsylvania Department of Labor and Industry.
• Supplemental Security Income and other income through the Social Security Administration.

• both earned and unearned income through the Internal Revenue Service.

• deceased person matches through the Department of Health.

• simultaneous receipt of TANF benefits in multiple states through the Public Assistance Reporting Information System.

• criminal history information through the Commonwealth Judicial Inquiry System.

Additionally, a data exchange for lottery winner’s match is available.

The SAVE Program verifies citizenship, identity and immigration status for non-citizens. MCI matches the TANF file with the Child Care Management Information System and the Home and Community-Based Information System to defer fraud by the elimination of duplicate services across programs.

☐ Satisfaction of Criminal Penalties

An individual who has been sentenced for a felony or misdemeanor offense and who has not satisfied the penalty imposed by the court is ineligible for TANF. An individual who is required to pay fines, cost and restitution, and who is in compliance with an approved payment plan, may be eligible for TANF.

☐ Fraudulent Misrepresentation of Residence

An individual is ineligible for TANF for a period of ten years if he is convicted in a Federal or state court of fraudulent misrepresentation of residence for the purpose of receiving TANF, Medical Assistance, SNAP or Supplemental Security Income in two or more states simultaneously.

☐ Penalty for Conviction of a Felony Offense for Possession, Use or Distribution of a Controlled Substance

As permitted under Federal law, Pennsylvania enacted legislation to opt out of the Federal requirement that imposes permanent ineligibility on an individual who is convicted under Federal or state law of a felony offense that was committed after August 22, 1996, related to the possession, use or distribution of a controlled substance. Act 44 was signed into law on December 23, 2003. An individual may receive cash assistance, but he or she must agree to assessment/treatment if assessment/treatment is needed based on his or her statement, current participation in a treatment program or other substantial
evidence that the Department may have. The individual must comply with assessment/treatment if the treatment is necessary, available and appropriate for benefits to continue, unless there is good cause for not doing so.

- **Failure To Appear At Criminal Court Proceeding**

  An individual who, as a defendant, fails to appear at a criminal court proceeding when issued a summons or bench warrant is ineligible for TANF until he complies with the summons or bench warrant.

- **Fugitive Felon**

  An individual who is fleeing to avoid prosecution or custody or confinement following a conviction for a felony or who is violating probation or parole imposed under Federal or State law is ineligible for cash assistance. If the individual receives a Presidential pardon for the conduct the individual is not ineligible as a fugitive felon or probation/parole violation, for any month beginning after the pardon.

- **Violation of Probation or Parole**

  An individual who is in violation of the terms of probation or parole is ineligible for TANF until he or she complies.

8. **Child Support Requirements**

Cooperation with the Department, the Domestic Relations Section of the Court of Common Pleas or the Court of Common Pleas in identifying a non-custodial parent, establishing paternity and establishing an order for support continue to be prerequisites to receiving benefits, is required unless the applicant/recipient establishes good cause for not doing so.

To be eligible for benefits, applicants or recipients are required to:

- Furnish his or her Social Security account number or provide proof of making application for a Social Security account number.

- Assign to the Department support rights for all family members who are receiving benefits.

- Cooperate with the Department, Domestic Relations Section and the court in establishing paternity of a child, unless the applicant or recipient establishes good cause for failing to do so.
Cooperate in obtaining support payments for the applicant or recipient and for the child, unless the Department determines that the applicant or recipient has good cause for failing to do so.

The Department may waive cooperation requirements for good cause. Good cause includes:

- The child was conceived as a result of incest or rape.
- Legal proceedings for the adoption of the child are pending before a court.
- The applicant or recipient is currently being assisted by a public or licensed private social agency while the decision is being made whether to relinquish the child for adoption.
- Establishing paternity or obtaining child or spousal support increases the risk to the family of further domestic violence.

The applicant or recipient of cash assistance shall provide relevant verification of good cause.

Applicants must appear before, and obtain from, the Domestic Relations Section of the Court of Common Pleas, a certification of cooperation with child support enforcement requirements prior to authorization of TANF benefits. The Secretary of the Department may waive the personal appearance requirement for a county court or Domestic Relations Section following review of a written request from the county which establishes that another procedure would be as efficient and effective.

The applicant or recipient must cooperate and take the following actions:

- Identify the parent(s) of any child for whom assistance is sought or received. This includes an appearance by the applicant or recipient, with the child, for scheduled genetic testing.

The failure of the mother to identify by name the father of a child creates a presumption of noncooperation which may be rebutted only by clear and convincing evidence.

- If an applicant or recipient provides the names of two putative fathers subsequently excluded from paternity by genetic testing, the second exclusion creates a presumption of noncooperation, which may be rebutted only by clear and convincing evidence.

- Keep scheduled appointments with the Department or Domestic Relations Section.
• Provide truthful and accurate information and documents requested by the Department or Domestic Relations Section.

• Sign and return any forms requested by the Department or Domestic Relations Section.

• Appear as a witness and provide testimony at judicial and other hearings as requested by the Domestic Relations Section.

• Pay to the Department any support payment received directly from the non-custodial parent after an assignment of support has been made.

Either the Department, the Domestic Relations Section of the Court of Common Pleas or the Court of Common Pleas may determine whether the applicant or recipient has failed to cooperate without good cause.

In accordance with Title 23 of the Pennsylvania Consolidated Statutes §4374(c)(1), the State may retain the support collected on behalf of a family receiving TANF up to the amount of the cumulative assistance paid to the family.

The State will distribute child support collected on behalf of families receiving TANF cash assistance as follows:

• Effective October 1, 2008, from the amount of current support collected, pass through to the assistance group the first $100 per month for one child or the first $200 per month for two or more children, or the first $50 per month for spousal support, without decreasing the amount of cash assistance. In no case will an assistance group be paid more than one support pass through per month. The support pass through will be capped at $200 maximum per month.

• Pay the Federal government’s share and retain the remainder of the amount collected to reimburse the Commonwealth until the amount equals the amount of unreimbursed cash assistance paid to the assistance group.

• Pay to the assistance group receiving TANF any support collected in excess of the amounts distributed or retained as listed above.

In accordance with Title 23 of the Pennsylvania Consolidated Statutes §4352(a.1), TANF child support orders must be reviewed and adjusted, as necessary, on a 3-year cycle absent of any specific request from the Department.

Effective 10/1/08, in accordance with Title 23 of the Pennsylvania Consolidated Statutes §4374(d), the State will pay support collected through the Federal Tax Refund Offset Program to families to whom current support or arrears is owed.
prior to retaining such collections to pay the federal or state shares of assigned support.

For a family receiving cash assistance, arrears collected through the Federal Tax Refund Offset Program shall be retained by the Commonwealth to the extent past due support has been assigned to the department as a condition of receiving assistance.

For a family that formerly received cash assistance, arrears collected through the Federal Tax Refund Offset Program shall first be applied to the monthly support obligation, and the balance shall be applied to arrears owed the family, including assignments of arrearages that accrued before the family received assistance from the Commonwealth and that were executed between October 1, 1997 and September 30, 2009.

Any remaining arrearages shall be paid to the department.

In accordance with Title 23 of the Pennsylvania Consolidated Statutes §4378(b), the State limits the assignment of support rights only up to the amount of cash assistance received during the period that a family received assistance. Effective October 1, 2009, the assignment shall exclude arrears that accrued prior to receipt of assistance.

9. Work and Self-sufficiency

General

As established by Act 35, recipients of TANF in Pennsylvania are enrolled in an employment and training program known as RESET to enable them to obtain employment and become self-sufficient. The primary means to achieve self-sufficiency is through work. This approach emphasizes a work-first approach as part of a continuum of services which can establish a work history, with increasing wages, and benefits that lead, over time, to economic independence and self-sufficiency.

At this time Pennsylvania has no plans in place to assist individuals to train for, seek, and maintain employment providing direct care in a long-term care facility or in other occupations related to elder care determined appropriate by the State for which the State identifies an unmet need for service personnel.

Participation in Work or Work-related Activities

To increase work participation rates and to promote self-sufficiency, Pennsylvania has adopted a “Work-First” approach to assist clients succeed in their pursuit of self-sufficiency. Pennsylvania requires each adult, minor head of household or minor child age 16 or 17 and not in school to engage in work or an approved
employment and training activity. While the Department wants all clients to be engaged in activities, the focus is on those individuals who are required to participate in RESET.

Participation must begin within seven calendar days after authorization of assistance. Participation includes full-time work, job search, education, or training. The work activity requirement may be met by participation in any one or combination of the following:

- Unsubsidized Employment
- Subsidized Private Sector Employment
- Subsidized Public Sector Employment
- Work Experience
- On-the-Job Training
- Job Search and Job Readiness Assistance
- Community Service Programs
- Vocational Educational Training
- Job Skills Training Directly Related to Employment
- Education Directly Related to Employment
- Satisfactory School Attendance at Secondary School or in a Course of Study Leading to a Certificate of General Equivalence
- Providing Child Care Services to an Individual Who is Participating in a Community Service Program

After 12 months of participation in vocational education, a recipient may continue education or training but must also participate in another core work activity.

Since implementation of RESET in 1997, Pennsylvania has decided to grant good cause for failure to meet work requirement to certain individuals who received cash assistance. These individuals include those pregnant or parenting recipients under the age of 22 who are attending high school or participating in a GED program.

□ Exemptions

To be considered exempt from RESET requirements, recipients must be:

- under the age of 18 and pursuing a high school diploma or GED;
- an individual with a verified physical or mental disability which temporarily or permanently precludes him from any form of employment or work activity;
- the parent/caretaker relative of a child under the age of 6 for whom an alternate child care arrangement is unavailable; or
• the custodial parent in a one-parent household who is caring for a child under the age of 12 months. Pennsylvania is exercising the option to allow this exemption; however, it may be granted for a total of only 12 months in the parent's lifetime. The 12 months do not need to be consecutive.

• a parent with a medically-documented need to provide care for a disabled family member living in the home.

An individual who is exempt because of a physical or mental disability is required to participate in a work or work activity when the condition ceases.

A specified relative who is exempt for providing care to a child under the age of six is required to participate in a work or work activity as soon as child care is available.

An exempt individual under 18 years of age is required to participate in RESET upon:

• becoming 18 years of age;

• attaining a high school diploma or a certificate of high school equivalency; or

• ceasing to pursue a high school diploma or a certificate of high school equivalency.

An exempt custodial parent in a one-parent household who is caring for a child under the age of 12 months is required to participate when the child becomes 12 months old, the parent chooses to end the exemption, or when the parent has exhausted the 12-month lifetime limit for this exemption.

A parent providing care for a disabled family member living in the home is not considered work eligible and is exempt from participation in RESET. Medical documentation must be provided to support the need for the parent to remain in the home to care for the disabled family member. When the medical need to remain in the home ceases or can no longer be documented, then the parent becomes work eligible and must comply with RESET requirements.

An individual who is exempt may volunteer to participate in RESET. Exempt volunteers may participate in the RESET activity of their choice, provided they meet the eligibility criteria for those activities or programs. Exempt individuals who volunteer to participate in contracted programs must meet all of the requirements of those programs. Such requirements include, but are not limited to, attendance and participation. Exempt volunteers need not conduct
an initial job search prior to beginning to participate and are not subject to sanction for noncompliance with the work requirements.

Determinations of exemption will be made using the criteria found in 55 Pa. Code §165.21.

☐ **Good Cause**

Clients who are mandatory to participate in RESET may be granted good cause from participation in work or work activities. Good cause may be granted due to circumstances beyond a client’s control. When determining good cause, the Department will consider all the facts and circumstances. Even after the CAO has made a preliminary determination of the lack of good cause, an individual may offer evidence of good cause to avoid sanction. The Department may grant good cause for up to 6 months at a time.

Determinations of good cause will be made using the criteria found in 55 Pa. Code §165.52.

**NOTE:** The time an individual spends in “Exemption” or “Good Cause” status counts towards the 60-month time limit.

☐ **Special Allowances for Supportive Services for Work and Work Activities**

Individuals who participate in work or work activities specified on their AMR may be eligible for supportive services provided by the Department, including costs for transportation and other work supports.

Except for child care, payments for work supports, when available, will be made by the CAO for actual costs up to the Department’s established maximums. The Department promotes the use of community and faith-based organizations when a recipient has the ability to obtain work supports through these types of organizations. Eligibility for child care is determined by the CAO and payments are made by the Office of Child Development and Early Learning, Bureau of Subsidized Child Care. In many areas of the state, clothing is provided as required through the PA Working Wardrobe.

Monitoring of Special Allowances (SPALs) issued to recipients in support of their RESET participation is necessary to assure that expenditures are verified, required, and used for their intended purpose. If it is determined that a special allowance for supportive service was issued in error or if the payment was misused, an overpayment referral may be filed.
10. Education in the Work First Environment

Since the implementation of welfare reform in Pennsylvania, education in the form of literacy initiatives, pursuit of a high school diploma or GED, ESL, Adult Basic Education, post-secondary schooling and vocational skill training has been a part of the continuum of work activities.

Employment always has been the primary goal of our TANF program. We continue to encourage individuals to begin developing a work history early in their welfare experience.

However, the role of education will continue to be emphasized for individuals who have not been successful in finding employment and are now seeking career advancement in order to move to self-sufficiency.

Some of our current refinements include:

- Counseling and case management provided by CAO and contractor staff. These activities focus on encouraging clients to pursue education that leads to employment in targeted industry clusters designated by the Commonwealth's workforce development partners. This assures clients will be educated in areas where there is a demand in the labor market.

- Contracted programs that currently include various courses of education. The Department will strive to maintain these and even increase them where appropriate;

- Structured outreach efforts that began with post-secondary institutions and will be expanded to include community literacy programs;

- Programs and procedures that assist individuals in completing their educational activities; and

- Case management programs that will support and assist individuals enrolled in post-secondary education to stay in school and meet the challenges of parenthood as well as those associated with participation in education while working.

Pennsylvania will continue to mesh employment and training efforts designed specifically for welfare recipients into the larger workforce development system at every appropriate point.

11. Noncompliance with the RESET Program

A sanction is imposed on any nonexempt individual required to participate in RESET who willfully, without good cause:
• Fails to accept a bona fide offer of employment in which the individual is able to engage;
• Voluntarily terminates employment;
• Fails or refuses to participate in or continue to participate in an available work activity, including work activities specified on the AMR;
• Fails to seek employment;
• Fails to maintain employment;
• Reduces earnings;
• Fails to participate for an average of at least 20 hours per week in work or a work activity; or
• Fails to apply for work at the time and in the manner as the Department may prescribe.

If good cause is not established, the individual will receive an Advance Notice advising of the proposed sanction.

The sanctions for failure to comply with the work or work activity requirements are required by 62 P.S. §432.3.

☐ Sanctions for Failure to Comply with RESET Requirements

A mandatory RESET participant who willfully fails to cooperate with the work or work activity requirement, participate in RESET or accept a bona fide offer of employment, or who terminates employment, or fails to apply for work, without good cause, shall be disqualified from receiving cash assistance.

The period of the sanction, is:

First occurrence - 30 days or until the individual is willing to comply with RESET, whichever is longer.

Second occurrence - 60 days or until the individual is willing to comply with RESET, whichever is longer.

Third occurrence - permanently.

If the reason for sanction occurs in the first 24 months, the sanction applies only to the individual.

If the reason for the sanction occurs after the first 24 months, the sanction applies to the entire budget group.

In lieu of the sanctions set forth above, if an employed individual voluntarily, without good cause, reduces his earnings by not fulfilling the minimum work requirement, the cash grant is reduced by the dollar value of the income that
would have been earned if the individual would have fulfilled his minimum hourly work requirement, until the minimum hourly work requirement is met.

The Department has opted not to impose a sanction on Medical Assistance benefits for recipients who fail to comply with work and work activity requirements.

12. Supporting Employment with Child Care

The Department has provided information about subsidized child care benefits available under the “Child Care Works” program in the Child Care Development Block Grant State Plan submitted for the period October 1, 2009 through September 30, 2011. Child care costs are paid through Child Care and Development Fund (CCDF), except for child care costs of employed individuals who receive TANF, which are paid through commingled TANF funds. Support for child care costs for eligible TANF recipients participating in approved work activities provides access to a full range of child care opportunities.

To help ease the transition for individuals whose TANF benefits end but their need for child care continues Pennsylvania has implemented Child Care Unification. Verification requirements are also less stringent for individuals who contact the Child Care Information Services (CCIS) in a timely manner to apply for Former TANF child care benefits.

During the period of November 1, 2006 through June 1, 2007, unification of subsidized child care services was implemented throughout the state. As a result, the CCIS agencies are responsible for the issuance of all subsidized child care statewide.

The CAOs are still the eligibility agent for TANF recipients in need of child care, but refer these families to the CCISs for child care case management and payment. The CCISs also determine eligibility and issue child care payments for working persons who previously received TANF cash assistance or that have income at or below 235 percent of the FPIGs for their family size.

Unification of the child care subsidy program promotes a local focus on clients and families, streamlined and provided through a single office that can more effectively manage resources and provide services to a greater number of eligible families. Unification insures that all low-income families get the help of professionals trained to assist with their child care needs and receive information on the benefits of quality child care and early education. It also provides subsidy providers with a single point of contact – the CCIS. All child care providers must now sign a provider agreement which results in payments going directly to the provider.

When TANF cash assistance ends and a need for child care exists, verification
requirements are less strict at the CCIS if the parent/caretaker contacts the CCIS within 60 days of TANF benefits ending. If no changes have occurred for the parent/caretaker within the 60 days following TANF closing and the CCIS is contacted during that period, the parent/caretaker may self-certify required information. Additional verification is not required to receive Former TANF child care.

If the parent/caretaker contacts the CCIS within 60 days and changes have occurred since TANF closed, or contact with the CCIS is made beyond the 60 day period, the parent/caretaker must provide verification for all required information. Families who previously received TANF benefits may apply for and be found eligible for Former TANF child care up to 183 days from the date TANF closed.

Consumer education materials and information about minimal health and safety standards are available to all TANF clients and participating providers. Information about child care options, as well as availability and location of care, continues to be available through the Department's contracted CCIS agencies. CCIS offers a parent counseling system that educates participants on the importance of quality early education and care services. The counseling system also educates parents on how to secure high quality child care in the neighborhood.

CCIS agencies provide resource and referral services to all TANF clients participating in the Department’s employment and training programs. These resource and referral services educate parents about:

- CCIS services
- Care choices
- Impact of care choice on care early development and school readiness of children
- Impact of care choice on ability to retain employment

Parent counseling is also available at the employment and training site on an optional basis to any TANF client seeking the service and on a mandatory basis for TANF clients demonstrating poor attendance at the program or an inability to retain employment due to unstable child care arrangements.

13. Coordination with Child Welfare

Pennsylvania recognizes the need to strengthen the existing line of communication between the local CAOs and the local County Children and Youth Agencies (CCYAs). A workgroup developed a set of inter-agency protocols to coordinate efforts to serve mutual clients. The process eliminates development of conflicting service plans and eliminates the possibility of conflicting program requirements. The protocols require that the activities outlined on the AMR,
prepared in the CAOs, should be coordinated with the Family Service Plan that is prepared at the CCYA.

All 67 CAOs and CCYAs implemented county protocols to ensure a local service delivery system that enables families to reach self-sufficiency while providing a safe environment for the child. Additionally, prior to the imposition of a sanction for non-compliance with the work requirement, CAOs are required to contact CCYAs to determine if a family may have good cause for such non-compliance.

14. Safeguarding Information

Pennsylvania continues to operate its welfare program in a manner that safeguards information about individuals and families receiving assistance. Pennsylvania adheres to the provisions on the safeguarding of information in effect prior to implementation of TANF, with the addition of the following provisions:

- The Department receives information from the Pennsylvania State Police, the Pennsylvania Board of Probation and Parole, the State Department of Corrections, county law enforcement and corrections agencies, and local law enforcement and corrections agencies. This information is used for eligibility purposes, i.e., to identify individuals who have been sentenced for a felony or misdemeanor and have not satisfied the penalty imposed by law, fugitive felons and individuals convicted of drug-related felonies. Information received on individuals who have a drug-related felony conviction is important only insofar as the Department may need to refer the individual to assessment/treatment.

- The Department will furnish the current address of a recipient to a Federal, State or local law enforcement officer who certifies that the location or the apprehension of the recipient is within his official capacity.

However, the Department will furnish the address only on the request of the officer and only if the officer furnishes the Department with the name of the recipient and states that the recipient is fleeing to avoid prosecution, or custody, or confinement after conviction for a felony or high misdemeanor under State law, or the recipient has information that is necessary for the officer to conduct his official duties.

- The Department will disclose information to entities outside the Department when necessary for restitution or collection of assistance benefits; to cooperate with IV-D agencies to enforce child support orders and paternity determination; or to protect the welfare of children and adults who are unable to manage their own affairs or otherwise protect their rights when the information is needed to get services the client has requested and the services will advance the client’s welfare and the client has authorized the Department to release specific information to the agency.
The Department will protect the rights of individuals to reasonably ensure that the information will be used for purposes associated with assistance, that the receiving agency will use the information only for the purpose for which it was made available and the standards of confidentiality are at least equal to that of the Department.

15. Transfers of TANF Block Grant Funds

Pennsylvania continues to provide supportive and emergency services through TANF or other State programs as follows:

- Pennsylvania reserves the option to transfer TANF funds to the Child Care and Social Services Block Grants.

The Department of Health has several initiatives in place aimed at preventing teen pregnancy (reducing out of wedlock births).

- Through Grant Agreements with Pennsylvania's four regional family planning councils, comprehensive family planning services are provided to sexually active adolescents 17 years of age and younger. These family planning services include routine gynecological care, pregnancy testing, contraceptives, cervical cancer exams, screening and treatment for sexually transmitted infections and education/counseling. These services are provided in every county in the Commonwealth through a network of family planning provider sites.

- In September 2010, the Department of Health was awarded funding from the Administration for Children and Families for the Personal Responsibility Education Program (PREP). PREP is a state-wide project that will serve adolescents in licensed residential programs serving delinquent children, youth development centers, youth forestry camps, licensed residential drug and alcohol treatment facilities, and psychiatric residential treatment facilities (implementation sites). The goal of the PREP is to empower adolescents to change their behavior in ways that will reduce their risk of becoming infected with HIV, other STDs, and their risk for pregnancy. Implementation sites will provide education on abstinence, contraception, and at least three adulthood preparation subjects: healthy relationships, adolescent development, and healthy life skills by implementing one of two curricula: Rikers Health Advocacy Program or Street Smart. Training will be provided to staff at implementation sites on-site lesbian, gay, bisexual, transgender, and questioning (LGBTQ) cultural competency.
In addition to the PREP, the Department of Health will also implement the abstinence-only program, funded under the Title V State Abstinence Education Grant Program, to youth ages nine to 14, with a particular emphasis on: Black and/or Hispanic children; those in the foster care system and/or transitioning out of care; youth with disabilities or other special health care needs; and/or lesbian, gay, bisexual, transgender or questioning youth. Abstinence education is defined in Section 510(b)2 of the Social Security Act.

The purpose of the program is to fund abstinence education, and where appropriate, mentoring, counseling, and adult supervision to promote abstinence from sexual activity, with a focus on those groups which are most likely to bear children out of wedlock.

The Department of Health formed a team and was selected as one of six teams for the Association of Maternal and Child Health Programs (AMCHP) sponsored Preconception Health for Adolescents Action Learning Collaborative (ALC). The Department of Health partnered with the Pennsylvania Department of Education (PDE), the Center for Schools and Communities, and the Family Health Council of Central Pennsylvania, Inc. (FHCCP).

As part of this ALC, the Department of Health presented a webinar on the Life Course Perspective on November 1, 2010. Padmini Parthasarathy, MPH, the Life Course Initiative Coordinator at Contra Costa Health Services' Family, Maternal and Child Health Programs in Martinez, California presented a live, online presentation: The Life Course Perspective: What Is It, Why Should We Care, and How Can We Use It to Improve the Health of Pennsylvania's Youth? Additionally, the team developed a tool called Teen Game Plan, which is designed to get adolescents to think about the future and how their decisions now impact the future and their ability to reach their goals. The team also developed an associated guide for parents, teachers, or any adult to use while the adult is talking to the teen about the issues addressed in the life plan. The Teen Game Plan is available on the Department of Health’s website at www.health.state.pa.us/adolescenthealth.

For TANF, services are focused on adolescents and provided by current contractors.

In 2009, there were 144,627 births in Pennsylvania, of which 59,194 or 40.9% were out-of-wedlock. Of the out-of-wedlock births, 12,037 or 20.3% were to women 19 years of age or younger. As outlined in the table below, even as the number of out-of-wedlock births increased or decreased, the total number of out-of-wedlock births to women 19 years of age or younger decreased gradually, but consistently, from 2002 to 2009.

17. **Education and Training to Reduce Statutory Rape**

**Prevention Education/Public Awareness Activities:**

The Pennsylvania Coalition Against Rape (PCAR) sustains statewide sexual violence prevention/education media campaigns designed to reach, as the primary audience, middle and high school-aged teens (males and females) with contemporary messages about self esteem, healthy relationships and statutory rape/sexual violence awareness and prevention. PCAR utilizes innovative strategies and materials that incorporate popular culture and active teen feedback. In addition, the campaign further incorporates strategies that are designated to reach targeted adult populations (parents, teachers, guidance counselors, school nurses, rape crisis counselors, advocates, youth leaders, etc.) as secondary audiences who have access and influence in the lives of teens.

The 51 sub-grantees continue to use PCAR’s initiatives and materials to enhance prevention education programming within their respective communities.

**Continuing initiatives include:**

1. Building, engaging and organizing **RYOT (Rallying Youth Organizers Together) Against Rape**. This Initiative promotes teen activism using socio-drama and engages local rape crisis centers as well as schools and communities to promote understanding of rights in relationships and to stop sexual violence. RYOT members continue to participate in numerous statewide and national trainings to teach participants about socio-drama and youth infusion.

2. **TEENesteem magazines for teens** (11-14) continues to be a frequently requested item. The most recent issue focused on the following topics:
   - The Do’s and Don’ts of Online Networking
   - The Dangers of Cyberbullying
   - Quiz: Are You Addicted to Social Networking?
• Why is Sexting Such a Big Deal?
• Myths About Guys and Rape
• How to be One of The Good Guys
• Alcohol and Rape
• How to Talk to Your Parents About Sex

3. **Use of Multi-media including websites, Facebook and Twitter:**

PCAR continues its use of several websites which are updated quarterly and as needed. These websites provide information to teens about healthy relationships and sexual violence awareness and prevention, in addition to providing resources for teens to seek help. PCAR has also developed a Facebook page which it updates daily and has begun using Twitter to communicate upcoming events.

4. **Sexual Assault Awareness Month (SAAM):** The topics of each year’s campaign are designed by the communication staff based on topical events and requests from centers. The 2010 campaign was entitled “Got Consent” and the 2011 campaign is entitled “It’s Time.”

5. **Hero Project:**

The HERO Project was maintained as a pilot project in eight counties. Originally developed in Westmoreland, the other pilot counties are: Clearfield, Cumberland, Dauphin, Lawrence, Lebanon, Perry and Philadelphia. The purpose of this campaign is to inform and motivate bystander intervention for child sexual abuse. It is anticipated that in the upcoming Fiscal Year this project will be a statewide effort. The web site is [www.heroproject.org](http://www.heroproject.org)

6. **Engaging men:**

Includes the Men Against Sexual Violence (MASV) campaign, but has been expanded to include the “Engaging Men” Initiative. This change will better reflect the current environment around sexual violence prevention.

7. **Development and Distribution of Print materials:**

PCAR continues to provide a number of print materials to Pennsylvania sexual assault centers. Many of these items are also purchased by other human services agencies, both in Pennsylvania and outside of the Commonwealth. Approximately 5,000 print materials are distributed each quarter.

8. **Training/Resources to Increase the Capacity of Rape Crisis Center’s to Outreach in Their Communities:**
This initiative includes PCAR’s provision of training at the Annual Sexual Assault Conference (ASAC), a webinar on Sexual Violence and People with Disabilities, training and technical assistance to rape crisis centers, prevention and public awareness activities.

Many of PCARs initiatives and activities include updates and changes of current programs to ensure continued relevance for both victims and rape crisis centers.

18. Identifying Domestic Violence

Pennsylvania exercised the Federal TANF option to certify that it will screen for and identify victims of domestic violence. Since 1997, the Department has collaborated with the Pennsylvania Coalition Against Domestic Violence (PCADV), its statewide contractor providing services to victims of this abuse, to develop a program to screen for and identify domestic violence victims among TANF applicants and recipients. This collaboration has taken place under the auspices of the Domestic Violence/TANF Task Force.

The Task Force developed a training program (including a video role play) that provides information on identifying and understanding victims of domestic violence as well as guidance on how a caseworker should use this information to perform his/her job. Victims of domestic violence may qualify for temporary waivers of TANF program requirements such as time limits on receipt of cash assistance, employment and training requirements and child support cooperation requirements.

To avoid asking each individual specific questions on domestic violence, the Task Force developed several forms of universal notification. A brochure and palm card that explain domestic violence and contain the telephone numbers of local domestic violence agencies are available for distribution in the CAOs. These items may be dispensed by the caseworker or placed in areas of the CAO such as the women’s restroom for discreet access. Two different domestic violence awareness posters are also available for posting in the CAOs. In addition, the Common Application Form includes a tear-out sheet explaining domestic violence, good cause and the possibility of being temporarily excused from certain program requirements.

The Department has also revised its regulations governing good cause for failing to cooperate with child support requirements based on a claim of domestic violence. Applicants/recipients who are unable to safely provide documentation of good cause within the established time frames for providing verification may sign an affirmation of this fact and be granted good cause.
19. Link with Medical Assistance

TANF eliminated the automatic granting of Medical Assistance benefits to cash assistance recipients. However, it provided states the opportunity to maintain the link by ensuring that their TANF design is no less restrictive in certain financial and non-financial criteria. Since Pennsylvania's TANF Program does ensure this, TANF cash recipients continue to receive Medical Assistance benefits.

Pennsylvania implemented several operational changes to ensure that individuals transitioning from TANF receive all Medical Assistance benefits for which they are eligible. The Department instructed caseworkers to: 1) determine Medical Assistance eligibility when closing a cash case; 2) authorize extended Medical Assistance as appropriate; 3) issue a notice of Medical Assistance eligibility when closing a cash case; and 4) determine Medical Assistance eligibility when rejecting a cash application.

Also, computer enhancements were developed to: 1) have the system automatically wrap around for caseworkers to review Medical Assistance when rejecting or closing a cash case; and 2) automatically open cases for extended Medical Assistance based on specific closing codes. These enhancements are supported by supervisory reviews and management monitoring of every cash case closing when an immediate opening of Medical Assistance does not occur.

The Department works with the Pennsylvania Insurance Department (PID) to maintain a joint application for the federally-funded Children’s Health Insurance Program (CHIP).

Pennsylvania engages in outreach efforts to support policy directives and initiatives. The Healthy Babies/Healthy Kids Hotline is available as an outreach resource. The hotline is also a referral and informational source for CHIP and the Department's Medical Assistance program.

COMPASS is an online application for Pennsylvanians to apply for health and human services benefits. COMPASS automatically routes an application to the appropriate agency. Individuals can apply, renew and check the status of their application through COMPASS. An individual who receives benefits can establish a “My COMPASS Account” which allows them to view their benefits and report changes.

Pennsylvania implemented an electronic referral process between PID and the Department, known as the “Health Care Handshake”. This process ensures that a child’s application for health care coverage submitted to PID and who qualifies for Medical Assistance is referred to Department. Children who do not qualify for Medical Assistance due to household income are referred to PID for health care coverage.
Currently, the Department is in the middle of a system update initiative called Phase IV-B. Phase IV-B is a web based process that will streamline the application entry, case maintenance and benefit authorization processes. Overall, it will increase our operational efficiency in gathering, storing, and processing client information.

Pennsylvania continues its commitment to provide families with the Medical Assistance coverage to which they are eligible.

20. Supplemental Nutrition Assistance Program (SNAP) Outreach

Pennsylvania has joined with the United States Department of Agriculture Food and Nutrition Service (FNS) to provide funds, 50% from FNS and 50% from Pennsylvania, to 13 community- and faith-based organizations for SNAP outreach. This project is known as Supplemental Nutrition Assistance Program Participation Project (SNAP PP).

The organizations complete and submit SNAP applications on behalf of clients to the County Assistance Office and provide information about the SNAP Program.

A focus of this program is to introduce potentially eligible applicants to the on-line COMPASS application process. Through this on-line tool, individuals who receive SNAP benefits can reapply on-line from the convenience of their homes, thereby making the SNAP that much more accessible.

Another outreach program, the Pennsylvania Nutrition Education Plan (PA NEP) also referred to as PA TRACKS, contracts with 16 community and faith-based organizations to provide information on healthy food choices, food safety and stretching food resources. The PA NEP has a component that provides SNAP information to those clients being served by the program.

B. SPECIAL PROVISIONS

1. Time-Out Initiative

The Department incorporated a segregated state-funded program in the Fiscal Year (FY) 2001-2002 budget, known as the Time-Out Initiative. This initiative provides incentives to families who are addressing barriers to self-sufficiency where an individual has been identified as a victim of domestic violence and kinship caregivers. By segregating state funds from federal Temporary Assistance for Needy Families (TANF) funds, individuals who otherwise qualify for TANF may receive cash assistance under the segregated state-funded program that does not count towards the 60-month lifetime limit (42 U.S.C.A. §609(a)(7)(B)(1)).
In accordance with 42 U.S.C.A. §609(a)(7)(B)(1) and subject to the availability of resources, the Department intends to provide funding included in the FY 2011-2012 budget for the Time-Out Initiative. Eligibility for participation in the Time-Out initiative is limited to those families who meet the income, resource, and non-financial eligibility factors associated with the TANF program.

**Domestic Violence**

Victims of domestic violence may be eligible for up to 12 months of Time-Out in a lifetime. These individuals may receive benefits in the Time-Out program for six months with an additional six months, if the need still exists. The limit on the number of months an individual may receive Time-Out applies regardless of whether the months are consecutive.

**Kinship Caregiver**

- A non-parental caretaker who has received 24 months or more of cash assistance for himself/herself and a related minor dependent child, or has care and control of a related minor dependent child as a result of court-ordered placement by Children and Youth Services; and
- Is not receiving cash assistance for children of his/her own; and
- Is meeting the minimum 20-hour weekly work requirement, is exempt or has good cause for not meeting work requirements.

This initiative meets TANF purpose number one – provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives, and TANF purpose number two – end dependence of needy parents on government benefits by promoting job preparation, work and marriage.

**2. Extended TANF Cash Assistance**

Pennsylvania’s provision for receipt of TANF assistance beyond the 60-month Federal time limit is known as Extended TANF. Regulations at 42 U.S.C.A. §608(a)(7)(C) and 45 CFR §264.1(c) give states the option to extend TANF beyond the 60-month limit to families that have a hardship as defined by the State or include an individual who has been battered or subjected to extreme cruelty (domestic violence). The number of families that may receive Extended TANF is limited to 20% of the average monthly number of families receiving TANF during the current or preceding fiscal year. Pennsylvania is exercising this option.

The Extended TANF program was implemented on October 28, 2002. TANF families who exhaust the 60-month time limit or who were granted Extended TANF during the contingency period are permitted to apply for Extended TANF cash assistance and meet eligibility requirements, as defined below. Among those who may qualify for Extended TANF are:
Pennsylvania Temporary Assistance for Needy Families

- Recipients who are exempt or have good cause for not meeting the work requirements;
- Recipients who are required and meeting the work requirements; and
- Recipients who are victims of domestic violence.

Families who exhaust the TANF time limit and have their cash assistance discontinued may apply for and receive Extended TANF at a future time, if they are otherwise eligible. Funding for Extended TANF is all Federal monies.

3. Transitional Cash Assistance

In accordance with 42 U.S.C.A. §609(a)(7)(B)(i) and subject to the availability of resources, the Department intends to provide funding included in the FY 2011-2012 budget for the Transitional Cash Assistance grant.

Benefits received for this temporary supplemental grant will not extend beyond a three-month period.

Effective March 28, 2009, certain families who are ineligible for continued assistance in the TANF, Extended TANF or Time-Out programs due to earned income may be eligible for a temporary supplemental grant, known as Transitional Cash Assistance (TCA).

The purpose of TCA is to support families as they transition from dependence on welfare to self-sufficiency. Eligibility for this supplemental grant is limited to needy families, as defined on page 15 who have a gross annual earned income that does not exceed 235% of the FPIGs.

Eligibility rules are as follows:

- Families receiving assistance must become ineligible for assistance due to excess earned income.
- Families must meet the federal Work Participation Rate at the time they no longer qualify for assistance.
- Families will receive $100 per month (two semi-monthly $50 issuances) for three consecutive months.
- Assistance received during this period does not count against the 60-month lifetime limit on TANF.

This program is funded with 100 percent State Maintenance of Effort (MOE) funds.
This grant meets TANF purpose number two, to end the dependence of needy parents on government benefits by promoting job preparation, work, and marriage.

4. **Families Entering Pennsylvania from Another State**

Pennsylvania does not treat families moving into the State differently than current residents.

5. **Treatment of Noncitizens**

Pennsylvania is exercising the options available in Title IV of PRWORA to continue or to authorize TANF benefits for non-citizens who are "qualified aliens," as defined by PRWORA, and who meet all other eligibility requirements.

6. **Delivery of Benefits**

Pennsylvania continues to operate the TANF Program based on the rules and regulations for delivery of benefits in effect prior to implementation. Eligible recipients receive continuing benefits in two semi-monthly cash payments delivered primarily through the Electronic Benefits Transfer (EBT) System.

During the fiscal year 1997-1998, Pennsylvania implemented a Statewide EBT system to replace the paper-based welfare benefits issuance system. EBT is a state-of-the-art means for electronically issuing welfare recipient benefits through a statewide network of automatic teller machines and point-of-sale devices to electronically deliver cash assistance and SNAP benefits throughout the Commonwealth.

7. **Right to Appeal**

Pennsylvania will continue to follow the appeal and fair hearing regulations and procedures consistent with 55 Pa. Code Chapter 275.

8. **Community Service Option**

Pennsylvania has opted out of the provision to require a parent or caretaker to participate in community service if that parent or caretaker has received assistance for two months, is not exempt from work participation and is not engaged in work.
VII. OFICE OF CHILDREN, YOUTH AND FAMILIES AMENDMENT

A. Other State Programs and Services Designed to Meet the Purposes of TANF

1. General Relationship to TANF Purposes

TANF provides states the flexibility to develop and implement innovative approaches to address TANF purposes. Therefore, effective October 1, 1999, the Department, through the Office of Children, Youth and Families (OCYF), county children and youth agencies (CCYAs) and juvenile probation offices (JPOs) has operated a segregated TANF Federally-funded program.

The segregated TANF Federally-funded program is reasonably related to the TANF goals of providing assistance to needy families so that children may be cared for in their own homes or in the homes of relatives, preventing and reducing the incidence of out-of-wedlock pregnancies, and encouraging the formation and maintenance of two-parent families. These goals will be promoted through the provision of services described under sections 2 and 3 below. Services are also provided in any manner that Pennsylvania was authorized to use funds received under Title IV-A or Title IV-F of the Social Security Act, as such titles were in effect on September 30, 1995, including as specified in section 3 below.

2. Family Preservation, Reunification and Support Services Designed to Promote TANF Purposes

The services listed in this section are provided as non-assistance services to needy families. The services listed in this section are reasonably related to the goals of assisting needy families so that children may be cared for in their own homes or homes of relatives including children placed in the homes of relatives, encouraging the formation and maintenance of two-parent families and preventing and reducing the incidence of out-of-wedlock pregnancies, i.e., TANF purposes 1, 3 and 4.

These services are intended to break the cycle of social, emotional and economic dependency by providing the necessary interventions, supports and services to families experiencing various forms of crises and dysfunction, e.g. substance abuse, lack of parenting skills, marital/relationship problems. The provision of services identified in this section will enable families and children to develop the skills and supports necessary to overcome their problems in functioning, thereby providing them with a stable foundation upon which additional competencies related to permanent and stable relationships and responsible parenting can be built.

Stable relationships and responsible parenting skills are essential for creating an environment in which two-parent families can continue to exist or come into existence.

The existence of stable relationships and responsible parenting skills is also
essential to breaking the cycle of out-of-wedlock pregnancies. The following family preservation, reunification and support services are provided or arranged for families and for children residing in their homes (and for children who are temporarily in foster care and who are expected to return to the home within the temporary absence period established by the State) by OCYF, CCYAs or JPOs, as determined necessary and appropriate. The services are provided as non-assistance services to assist needy families. For purposes of this section, “needy” is defined as having a household income of less than 400% of the Federal poverty level.

- Parent/Child Visitation
- Intensive Family Preservation Services
- Casework/Case Management Services
- Diagnostic and Assessment Services
- Family Support Services including Respite Care
- Family Centers – collaborative community efforts to provide a range of services to children and their families at a single location. Centers that provide child welfare TANF services described in the plan provide those services to eligible children to promote keeping families together and to maintain children in their own homes. Child welfare TANF funds are directed to specific children served by the family centers and are not used to support the center’s administration.
- Counseling Services
- Parenting and Home Management Services
- Independent Living Services
- Preventive Services focused on promoting family stability and responsible behavior of individuals and reducing economic dependence
- Delinquency Prevention/Remediation Services
- Day Treatment and Protective Day Care Services
- Non-Medical Substance Abuse Services
- Other In-home Services
- Programs Promoting Responsible Fatherhood
- Adoption Services

3. Services Provided to Dependent and Delinquent Children Who Have Been Placed into Residential Care

As authorized in the approved Title IV-A State Plan in effect as of September 30, 1995, TANF funds may be used to pay for non-Title IV-E eligible emergency shelter services, not to exceed 30 consecutive days and in accordance with 55 Pa. Code §§3130.37 and 3140.22(c) and the purchases of services provided to children temporarily placed in residential care provided that the services are not part of the per diem and are billed services. Eligible services include:
- Child Protective Services/Child Abuse
- Day Care Services
- Day Treatment Services
- Child Protective Services-General
- Information and Referral Services
- Service Planning
- Counseling/Intervention Services
- Homemaker/Caretaker Services
- Life Skills Education

The cost for placement in a Juvenile Detention Facility can no longer be claimed under TANF.
CERTIFICATIONS

The State will operate a program to provide Temporary Assistance for Needy Families (TANF) so that children may be cared for in their own homes or in the homes of relatives; to end dependence of needy parents on government benefits by promoting job preparation, work, and marriage; to prevent and reduce the incidence of out-of-wedlock pregnancies and establish annual numerical goals for preventing and reducing the incidence of these pregnancies; and encourage the formation and maintenance of two-parent families.

This program is known as **Temporary Assistance for Needy Families (TANF)**

Executive Officer of the State: **Governor Tom Corbett**

In administering and operating a program which provides Temporary Assistance for Needy Families with minor children under title IV-A of the Social Security Act, the State certifies the following:

CERTIFICATION THAT THE STATE WILL OPERATE A CHILD SUPPORT ENFORCEMENT PROGRAM.

The Department of Public Welfare will operate a child support enforcement program under the approved Title IV-D State Plan.

CERTIFICATION THAT THE STATE WILL OPERATE A FOSTER CARE AND ADOPTION ASSISTANCE PROGRAM.

The Department of Public Welfare will operate, during the fiscal year, a foster care and adoption assistance program under the State Plan approved under part E, and the State will take such actions as are necessary to ensure that children receiving assistance under such part are eligible for Medical Assistance under the State Plan under Title XIX of the Social Security Act.

CERTIFICATION OF THE ADMINISTRATION OF THE PROGRAM.

The Department of Public Welfare will administer and supervise the program known as Temporary Assistance for Needy Families for the fiscal year. Local governments and private sector organizations will be consulted regarding the plan and design of welfare services in Pennsylvania so that services are provided in a manner appropriate to local populations; and these same local governments and private sector organizations will have had at least 45 days to submit comments on the plan and the design of such services.

CERTIFICATION THAT THE STATE WILL PROVIDE INDIANS WITH EQUITABLE ACCESS TO ASSISTANCE.

The Commonwealth of Pennsylvania, during the fiscal year, will provide each member of an Indian tribe, who resides in the State and is not eligible for assistance under a tribal family
assistance plan approved under section 412, with equitable access to assistance under the State's TANF Program.

CERTIFICATION OF STANDARDS AND PROCEDURES TO ENSURE AGAINST PROGRAM FRAUD AND ABUSE.

The Commonwealth of Pennsylvania has established and is enforcing standards and procedures to ensure against program fraud and abuse, including standards and procedures concerning nepotism, conflicts of interest among individuals responsible for the administration and supervision of the State program, kickbacks, and the use of political patronage.

OPTIONAL CERTIFICATION OF STANDARDS AND PROCEDURES TO ENSURE THAT THE STATE WILL SCREEN FOR AND IDENTIFY DOMESTIC VIOLENCE.

The Department of Public Welfare will establish and enforce standards and procedures to:

- screen and identify individuals receiving assistance under this part with a history of domestic violence while maintaining the confidentiality of such individuals;
- refer such individuals to counseling and supportive services; and
- waive, pursuant to a determination of good cause, other program requirements such as time limits (for so long as necessary) for individuals receiving assistance, residency requirements, child support cooperation requirements, and family cap provisions, in cases where compliance with such requirements would make it more difficult for individuals receiving TANF assistance to escape domestic violence or unfairly penalize such individuals who are or have been victimized by such violence, or individuals who are at risk of further domestic violence.

CERTIFIED BY THE CHIEF EXECUTIVE OFFICER OF THE STATE:

__________________________  __________________________
Date                  Tom Corbett
FUNDING

Section 403(a)(1)(A) provides that each eligible State shall be entitled to receive for each of the fiscal years 1996 through 2002, a grant in an amount equal to the State family assistance grant as defined in section 403(a)(1)(B).

I. Payments to Agency Administering the TANF Program.

Please provide payment for the TANF Program to the same organization administering the TANF Program as of March 3, 1997.

II. State Payments for TANF Program

Payments for the TANF Program are to be made to the Pennsylvania Department of Public Welfare.

The Commonwealth of Pennsylvania's estimate for each quarter of the fiscal year by percentage is:

For FY 2011 and Future Years
